

24 Standout Exhibit Ideas Selected by the E³ Exhibiting Effectiveness Evaluation Team

By Jefferson Davis and Lisa Goodman of Competitive Edge Training

As a value-added exhibitor service, NCBA provided new exhibiting companies, advertisers and sponsors with the TSE Gold 100 award-winning E³ Exhibiting Effectiveness Evaluation.

While conducting evaluations, we looked for exhibits throughout the show that displayed imaginative, creative, and effective ideas and practices. We want to congratulate exhibitors featured and hope all exhibitors look to these ideas as examples of how to make your exhibit even more effective.

Note: The ideas are presented in no particular order and are not ranked good, better, best. They only represent a sampling of effective exhibiting practices observed at CattleCon24.

Enjoy!

Effective Visual Communications

- Crystal Clear Value Propositions & Messaging
- Answering Attendees' 3 Major Questions: What – Why – Who
- Effective Promotion of NEW Offerings
- Thoughtful Brand Integration

Effective Visual Communications

E. I. Medical Imaging

For E. I. Medical Imaging, presentation of their new product provided an interactive solution-based experience. All eyes were drawn to the corner tabletop display. Here, signage supported by products for demonstration helped visitors discover the unique benefits this new product offers. Effective visual communication in a compact space.

Effective Visual Communications

Genova Labs

Genova Labs' bold use of color not only defined their space, but played a key role in their messaging. Bright pink drew your eye to different solution areas, helping visitors learn about custom vaccines for pinkeye. The unique pink design theme effectively represented their products and their purpose.

Effective Visual Communications

Merck

On a large, vertical wall with bold copy facing the aisles, visitors could not miss messaging introducing a NEW and improved product by Merck Animal Health. Bright colors and imagery enhanced graphics, while product details answered the who, what, why questions.

Effective Visual Communications

Strobel Manufacturing

From top to bottom, Strobel's crystal clear messaging drew great interest to their exhibit. Large copy atop the giant shade's edge, along with back-lit signage at eye level, presented key facts and a strong benefit statement.

Effective Visual Communications

AgSpire

AgSpire's messages were visible from all levels and directions, answering the What-Why-Who questions. Bright, back-lit signs drew interest and attention to their products and promotions.

Effective Visual Communications

EarthOptics
