**Feathr Marketing Tools** – A set of customized marketing collateral via a personalized landing page, banners, and emails created specifically for each exhibiting company to promote their participation in the event to their audience. An opportunity to encourage attendance and have face-to-face time with potential clients. Review the how-to tutorial [here](https://www.feathr.com). Contact Tiana Schneider at 303-850-3390 or tschneider@beef.org.

**Logos and Advertisements** - NCBA has designed a trade show logo and advertisements for exhibitors to use to help promote the show. Visit the [2020 Cattle Industry Convention & NCBA Trade Show Marketing Portal](https://www.beef.org/trade-show-marketing).

Making use of the media, particularly trade publications, is an important part of your overall exhibit and product promotion plan. Cattle industry trade publications have a natural interest in the NCBA trade show and the companies that exhibit. The NCBA Trade Show offers the press a chance to learn more about new equipment, technologies, strategies and solutions in the industry.

The challenge for the exhibitor is to separate your product and exhibit from other exhibitors by providing interesting and newsworthy information, before, during and after the show. If you are new to or inexperienced in publicity and public relations, this media guide provides the basic tools you need to plan and execute an effective strategy to receive as much editorial coverage as possible. Even if you are a veteran you may find new ideas or approaches for the information presented in this guide.
