"UTILITIES" FLOORPLAN WORKSHEET

Company Name:

Show:

Booth/Room #:

National Cattlemen's Beef Association 2022 Annual Meeting

Center: **George R. Brown Convention Center**

Customer / Ref #:

2022-001-873

IMPORTANT! Prior to installation of service, a complete Floorplan is required. Please utilize this grid should you not have your own Floorplan to send us. Submit a Floorplan for each service group (Electrical, Plumbing, etc) or combine all on one Floorplan. For a Floorplan to be considered complete it must include all the information listed below (Main drop "MDL", designated location of items within the booth, surrounding booths, scale-length and width). Smart City is the exclusive installer of Electrical, Plumbing, etc.

Rates include bringing services to the rear of standard booth or to the nearest floor port inside an island booth. Specific location requests and services greater than 100 Amps will incur additional charges. **All work performed within booth to place services in other locations will be charged on a time and material basis. A connect and disconnect fee will be incurred for all connected services, whether connected direct or otherwise.**

Booth Orientation: For Smart City to accurately install services a minimum of one surrounding Booth or Aisle # is required, two or more is best.

BOOTH SIZE _____ ft x _____ ft **SCALE:** 1 BOX IS = TO _____ ft

BOOTH TYPE Island Inline **PLACEMENT** Standard Floorplan

SPECIFY YOUR DESIRED LOCATION OF SERVICES

X = MAIN DISTRIBUTION LOCATION (MDL)

The originating line(s) for service, whether overhead, a floor pocket or a column, will be delivered to a "MDL" before booth distribution. Example: Storage area, back of booth, etc. Unless specified, the default for the "MDL" will be the back of the booth or where Smart City deems the most convenient. All distribution of services to their final destination within the booth will originate from the Main Distribution Location "MDL". A per line move fee will apply to relocate services within your booth after they have been engineered and/or installed.

E = ELECTRICAL POWER

Example: "E-10 Amps"

F = FLOOD LIGHTS

Example: "F-300 Watt/2 Spot"

P = PLUMBING

Example: "P-Water",
"P-Compressed Air"

For Smart City to perform your floor work, you will need to indicate the location of each item you want installed. Make sure and order your floor work, flood lights and materials early and in advance of the show moving in.

Booth or Aisle# **BACK** _____

Booth or Aisle# in **FRONT** _____
