

POV INFORMATION

Exhibitors, show organizers and other clients are allowed to handle their own materials if it can be carried by hand by one person. Exhibitors may not bring or use carts, pallet jacks or other material handling equipment which would interfere with the operation of the Official Service Contractor. The above will be strictly enforced.

DIRECTIONS:

- To receive this service, follow the POV signage at the dock to check in at the designated POV Check-In area.
- Two people must be with the vehicle - one to accompany the product to the booth and one to remove the vehicle from the area.
- The determination of POV Service versus Material Handling will be made at the discretion of Freeman management. Any disputes will be handled at the time of unloading.
- Please visit the Freeman Service Desk to complete and/or submit an Outbound Material Handling Agreement.

A POV, or *privately owned vehicle*, is considered to be any vehicle that is primarily designed to transport passengers, not cargo or freight. Examples include pick-ups, passenger vans, taxis, limos, etc. If a particular event defines a POV differently for billing purposes, then that definition will override this policy.

A *Company Vehicle* is considered to be a vehicle designed to transport freight. Examples include vehicles towing trailers, box trucks and semi trucks. These are to be processed the same as commercial carriers and charged according to the published show rates.
